SPECIALTY PRODUCTS

UNDERCOATS

VP2050 High Build Primer

As a basis for a long-lasting custom finish, this direct-to-metal high build primer is easy to apply and sand. Available in National Rule and compliant versions.

VP2100 Polyester Primer

A gray, two-component, low VOC primer that achieves high build over existing coatings and properly prepared steel and aluminum. Excellent fill and sanding for bodywork and restoration jobs. Compliant in all regions.

COLOR COLLECTION

HRB9700 Hot Rod Black Kit

A silky, sinister, low-gloss black, this topcoat delivers a deep, old school look with 2K, single-stage modern technology. VOC compliant for all regions based on reducer choice.

Waterborne Maximum Performance System

ETCHING PRIMER

5X1071 OneChoice Etch Prime

Excellent adhesion and corrosion resistance with fast dry characteristics.

SURFACER

ECP1X A-Chromatic Surfacer

2.1 VOC, fast-drying, 2K primers offering high film build, excellent color holdout and superior sanding capabilities. Available in white, gray and black.

SEALER

A-Chromatic Sealer

ECS6X

Premium-quality sealer offers excellent flow and leveling while delivering outstanding gloss holdout. Available in white, gray and black.

BASECOAT

ENVIROBASE® High Performance Waterborne Basecoat

High solids, non-stir toners with anti-settle tint technology assures accurate color consistency with this premium waterborne basecoat.

MIDCOAT

VWM5555 Midcoat

Use of this midcoat color layer provides a VOC-compliant solution for painters creating custom finishes using RADIANCE® II dyes and such special effect pigments as FLAMBOYANCE®, PRIZMATIQUE® and CRYSTALLANCE.™

VWM5556 Waterborne Midcoat

A fully waterborne midcoat solution for *Vibrance Collection* custom finishes, VWM5556 dries ultra fast to help achieve extreme graphics and color depth when painting with waterborne.

CLEARCOAT

VC5200 Custom Clear

Creates a mirror-like, show-quality finish for custom cars, motorcycles or other prized vehicles.

EC750 Appearance Clearcoat

2.1 VOC compliant clear delivers a deep, high-gloss appearance. ONE VISIT® application technology allows for zero wait flash time.
